 *19 Mar 2017*

The application was from a Naturopathic Association in Piacenza.

Ms. Takako Kakimoto; a vocalist from Nagasaki, ordered materials from her home town and prepared ambitiously for the planting.

During the ceremony, there were singing, meditation, and children asked questions about war and A-bombs to a Japanese man by video call. Then, children buried a time capsule in the garden and planted the Kaki Tree near it.

Istituzione Associazione Culturale Finisterrae Teatri applied for the planting. The organization adopts artistic methods and art works at nursery schools and facilities for people who have difficulty adapting in social life.

They hoped the little Kaki Tree to be a symbol of rebirth and wished to plant in the center of the park.

Thirty to forty children who attend the local nursery and elementary schools participated in the ceremony. There were a lot of singing and physical workshops.

The tree was planted in the middle of the park, where the pretty handmade flowers were decorated around.

The ceremony took place in a beautiful town on top of a mountain.

The application was submitted by three parties; CVL cooperative (Association which promotes social participation of people with disabilities), CAG Arcalleggra (Youth center run by Mosaic cooperative), and Association IL Mondo in Casa.

First, we participated in a meeting of Junior High School students, where there were performance of Japanese songs and question time to Mr. Ebinuma.

Junior high school students, Kindergarteners and people with disabilities gathered to the garden for the planting ceremony. After performance of songs and recorders, children and teachers covered the tree with soil they each brought.
